Product Description

OEM Watch Manufacturer Custom Logo Watch Silicone Water Resistant Lady' S Watches Miler

Product Description:

The band of this watch is made of high-quality Silicone material, making it lightweight and comfortable to wear. The 20mm band width adds to the comfort factor, providing a snug fit on your wrist. The watch is designed to fit most wrist sizes, making it a perfect gift for anyone.

The case diameter of this watch is 40mm, making it just the right size for both men and women. The sleek and simple design of the watch makes it an ideal accessory for any outfit. The black silicone strap adds to the elegance of the watch, and the Quartz movement ensures accurate timekeeping.

Quartz watches are known for their precise and reliable timekeeping ability. Unlike Automatic Wrist Watches, which rely on the movement of the wearer's arm to function, Quartz watches use electronic oscillators to keep time. This makes them more accurate and dependable than their mechanical counterparts.

Whether you're looking for a watch for everyday use or for special occasions, the Quartz Silicon Strap Watch is a perfect choice. The watch is water-resistant up to a depth of 30 meters, making it suitable for everyday use, even when you're caught in the rain.

The Quartz Silicon Strap Watch is designed to last for a long time, and with proper care, it will provide you with accurate timekeeping for years to come. The watch comes with a one-year warranty, so you can be confident in your purchase.

Order your Quartz Silicon Strap Watch today and experience the accuracy and elegance of Quartz movement watches.
